## Summary:

### Over 500 types of controls

BeauGauge Instruments Suite is designed with rich graphics and gauge styles, which amounts to more than 500 types, including circular gauges, sectorial gauges, linear gauges, thermometers, meters, digital watches, buttons, sliders, scales, knobs, switches, indicators, LEDs, real-time curves and others.

### Easy Customization

BeauGauge Instruments Suite features simple operation, powerfully customizable functions and convenient Designer. For developer, to customize their own controls only needs to click mouse few times.

The use of other similar software is quite complicated, for avoidance of that, BeauGauge Instruments Suite provides a convenient visual graphic Designer, which makes the way of use more clear and easy.

You can easily create a control, and add, modify or delete a component, such as pointer, circle, scale, scale label and background. Coding is not the only way to complete all these operations, an easier way to do this is to click your mouse in Designer.
